Little Dragons – Ages 4-6

Our class for students ages 4-6. This program offers your child the opportunity to learn martial arts in a fun, safe, and friendly environment. Stories, games, obstacle courses and a variety of teaching methods are used. The children improve muscle tone, flexibility, and coordination while also learning important life skills. In every class the children have a great time and learn something new! Students graduate from this program when they turn seven or when they earn the Yellow belt, whichever comes first.

Kenpo Kids Basic Training – Ages 7-12

These classes are high energy and fun! Students begin working on earning the Yellow belt and graduate when they have achieved advanced Yellow belt status. Classes are the perfect balance of fitness, life principles and Kenpo principles. Children increase confidence, awareness, and self-discipline, while also improving muscle tone, flexibility, balance and coordination.

Kenpo Kids Intermediate Training - Ages 7-12

Students who have graduated “Kenpo Kids Basic Training” attend these classes. They are Advanced Yellow belts and will continue their progress towards Orange belt in these classes. At this stage in their training more time begins to be spent on Kenpo principles. The improved fitness developed in Basic Training allows students at this level to learn at a more accelerated rate, making for exciting classes with more challenging and dynamic lessons!

Kenpo Kids Advanced Training - Ages 8-14

Our most advanced children's class. Students who have graduated “Kenpo Kids Intermediate Training” through earning the Orange belt attend this class. In this class students get to learn and do the things they only dreamed about when they started their training. Weapons training, spinning, jumping and flying kicks, advanced rolling and falling, advanced freestyling and countless other “cool” moves are all part of the curriculum. This class keeps students challenged and excited about their Kenpo training. Parents are frequently amazed at the skills children develop in this program. Students graduate this class when they turn age 13 or earn the Brown belt whichever comes first. Students training at this level also qualify for consideration to be invited into our Olympic Karate competition team training program.

Ashtanga Yoga

Ashtanga Yoga's Vinyasa system is made of sequences of postures that vary in difficulty and benefit. The flow between each posture is an integral part of the practice. There are three groups of movement sequences: *The Primary Series* which cleanses and tunes the physical body, *The Intermediate Series* which purifies the nervous system and the *Advanced Series* which cultivates strength and grace. Each series of postures must be accomplished before proceeding to the next. The sequential process of learning Ashtanga allows the practitioner to develop the concentration, strength, flexibility and stamina needed to progress in a safe, balanced and optimal manner. Postures are linked together through flowing movement (vinyasa). Vinyasa means breath synchronized with movement. In Ashtanga Yoga the movement is always synchronized with the breath. The result is an open heart and a clear mind in a light and strong body.

AcroYoga

AcroYoga blends the wisdom of yoga, the dynamic power of acrobatics, and the loving kindness of healing arts. These three lineages form the foundation of a practice that cultivates trust, playfulness, and community. In this class you will learn Acroyoga postures, transitions and flows. We'll explore both the Acrobatic and Therapeutic aspects of Acroyoga. Be prepared for a great workout, lots of fun and some wonderful Thai massage!

Aerial Arts

Aerial Silks is an incredible adventure in fitness, artistry and movement. Students will explore Silk Hammocks, Long Silks, Static Trapeze and Lyra. If you are inspired by shows like Cirque du Soleil then this is the class for you! No prior experience is necessary.
